

DONTIBOINA MOKSHYAGNA YADAV

Andhra Pradesh, India | d.mokshyagnayadav@gmail.com | +91 9281413396 | <https://github.com/Sensui-moksha>

OBJECTIVES

Looking for a role where I can develop my skills and knowledge, while helping the organization growth. I am eager to learn and make meaningful contributions as I start my career journey. Ready to put in hard work and dedication to achieving both personal and company.

EDUCATION

DVR & Dr. HS MIC College Of Technology , B. Tech in Computer science and engineering	2023 – 2027
Little Flower Junior College , Board of Intermediate	2021 – 2023
SREE AKSHARA SCHOOL , SSC	2020 – 2021

INTERNSHIP

Google Android Developer Virtual Internship – AICTE, EDUSKILLS Oct 2024 – Dec 2024

- Completed a virtual internship in **Google Android Developer** program, gaining hands-on experience with Android fundamentals, UI components, app lifecycle management.

Ethical Hacking virtual internship – AICTE, EDUSKILLS Apr 2025 – June 2025

- Completed a virtual internship in **Ethical Hacking** under **AICTE–Eduskills**, gaining hands-on exposure to cybersecurity principles, network security, vulnerability analysis, and ethical hacking methodologies.

PROJECT

EventHub – Event Management System | React, TypeScript, Node.js, Express, MongoDB, Tailwind CSS

- Built a full-stack event management platform enabling student registrations and organizer-led event, attendance, and analytics management.
- Implemented role-based authentication (Student, Organizer, Admin) using JWT, bcrypt password hashing, and protected route protection.
- Engineered a secure QR-based attendance system using HMAC-SHA256 to prevent tampering and enable real-time validation.
- Designed RESTful APIs with Express.js and MongoDB Atlas for scalable CRUD operations on users, events, and registrations.
- Developed a responsive, mobile-first UI with Tailwind CSS, real-time notifications, and live attendance tracking via Socket.io.

MIC ALUMNI | React, TypeScript, Node.js, Express, MongoDB, Tailwind CSS

--Present

- Developed **Echelon Alumni Network**, a full-stack alumni engagement platform connecting alumni, students, and faculty through a unified digital portal.
- Implemented authentication, profile management, social interactions, and content engagement features to improve alumni-community collaboration.
- Engineered a React-based frontend with Redux state management and a Node.js/Express/MongoDB backend for modular, scalable application architecture.

TECHNICAL SKILLS

Web Development: HTML, CSS , REACT

Programming: JAVA, Python, Java Script

Others: Git/GitHub, VS code, Microsoft Office

Other Technical Skills: Networking, PC Building, Home Automation (IoT), NAS (DIY NAS, storage configuration, backups)

CERTIFICATIONS

Google Android Developer by Google
AWS AI-ML by Amazon web services
Ethical Hacking by AICTE & EDUSKILLS
Networking by Juniper
Cybersecurity by Palo
Oracle Cloud Infrastructure
Oracle AI Vector Search

POSITION OF RESPONSIBILITIES AND EXTRACURRICULARS

I Have participated in 24-HOURS APTOS BLOCKCHAIN HACKATHON 2025

I Have participated in Innovation Challenge (Project expo)

DECLARATION

I hereby declare that the above particulars of facts and information stated are true, correct and complete to the best of my belief and knowledge.
